Item Body

Hi Burt,

Yes, we can discuss, however as I mentioned, David and I have not discussed and at this point have no response prepared. David is on travel this week and I am on travel the latter part of the week, so today is good for me for a preliminary discussion.

Hi Burt,

Thank you for your letter of September 19, 2012 (scanned version attached). I did not read it until I returned from travel (in Bakersfield). I reviewed it and need to go over it with David Albright before we have a response.

Tentatively, I will cite that I have questions about the operator's course of action plans, etc. so we definitely will need to discuss with you.

I will be in the office Tue (10/9) and Wed (10/10) next week, and then back in the office the following week to discuss.

Please let me know what times are convenient for you.
